Dear Board of Directors,

We have hosted one weekend BISKids class at our center thus far and I want to share with you how much the parents and children enjoyed the class. Our first class was full and every child enjoyed the activities and left with a wealth of knowledge on how to avoid drugs and alcohol.

Parents truly enjoyed the classes too and have shared that their children talk to them, as well as their peers about the "Addiction Monster". I have received many positive comments from parents saying how touching the class was, especially the letters written by the children and parents. Parents have also shared how much their children enjoyed the fun activities. They appreciate the staff's welcoming personality and the fun facilitation style.

Many parents have asked if they can enroll their other children in future classes and if similar classes are available for teens. I'm sure our next class in February will be full.

Thank you for supporting such a high quality and child friendly program. Families are grateful to you for providing an avenue for their children to express themselves and for teaching their children that drugs/alcohol is an addiction and not a permanent characteristic of their loved one.

BISKids is truly a unique program that we are very proud to offer here at Anaheim Harbor Family Resource Center.

Sincerely,

Diana M. Torres
Program Supervisor/ FRC Coordinator
