Biskids Program

Who We Are

BIS Kids is an evidence-based
PROACTIVE PREVENTION PROGRAM
against substance use. Our program
provides interactive online classes
for children 7-12 years of age.

We use age-appropriate language,
games, music, art, stories and fun to
educate children about substance
use. We teach the important life skills
necessary to overcome adversity
and to promote a healthy lifestyle.

Our Mission

"BIS Kids"
Believe in Success Kids
Believe in Solutions Kids
Believe in Sobriety Kids

We encourage children to create a path to good health and well-being.

We teach children skills that promote a drug-free future.

BIS Kids empowers children by providing them a "tool box" they can use
to promote healthy life development.

Our program is educational, fun and engaging!

BIS Kids is a nonprofit 501 3 (c) corporation.

MEET OUR FEATURED PARENT

Sara

Hello my name is Sara Marca Loza and I am 31 years old. I moved from Argentina to the United States at age 11. I am a nanny/housekeeper and professional organizer. I have also started a new career adventure as a Medical Assistant. It's hard to imagine, but my dream is finally coming true!

I'm forever thankful to BIS Kids and the teachers, Ms JoDee and Miss Annabel, for taking my daughter on board and including her in the wonderful opportunities this organization affords. As you may realize, it is difficult to raise a young lady as a single mom and unfortunately, I can't give as much time as I would like.

The blessing of BIS Kids is that my daughter feels so loved and heard by her BIS Kids group; she can identify with them, talk about her feelings and find understanding in what she is going through. That makes me very happy to see her involved in a group where they encourage her and help her grow and navigate real-life situations. Also, I have heard that she encourages others to do better! BIS Kids has changed my life and my daughter's life! I pray BIS Kids is forever there to help others overcome real-life situations, and help them find solutions and understand their feelings.

Thank you BIS Kids! Ms JoDee, you have been so loving and encouraging in my life and my daughter's life. Forever THANK YOU !!

What's Next For Our BIS Kids Students...

July : Self-Love

Get ready to give yourself a big hug this July, as BIS Kids learn what it means to love and care for themselves.

August : Healthy Relationships

What are friends for, anyway? That's what this month is all about! Together we'll explore how to grow and maintain healthy relationships.

September: Responsibility

June is all about being dependable, taking accountability for actions and making good choices.

Bis Kids

It's Time to Celebrate!

International Day of Friendship July 30th

BIS Kids loves their friends! This day is all about celebrating friendships.

Celebrate by making a phone call or making a card to let your friends know how important they are to you.

Beach Day

August 30th

Beach day celebrates our love for the beach! Take a family trip to the beach and show your appreciation for the ocean by keeping the beach clean and safe.

Grandparents Day

September 11th

Grandparents day falls on the first Sunday in September. This day is a time to celebrate all the wonderful grandparents in our lives. Honor this special day by encouraging your child to reach out to their grandparents; write a poem, draw a picture, or make a card - they will love anything created by their grandchildren!
