## Who We Are

BIS Kids is an evidence-based PROACTIVE PREVENTION PROGRAM against substance use. Our program provides interactive online classes for children 7-12 years of age.

We use age-appropriate language, games, music, art, stories and fun to educate children about substance use. We teach the important life skills necessary to overcome adversity and to promote a healthy lifestyle.

## Enrollment

Right now we are offering BIS Kids online with engaging and fun daily zoom classes.

Our skilled teachers are now part of this new format sharing the same content and fun with kids during a one hour daily meeting.

It's easy to enroll in our program and only requires that your child be on-line using a computer, tablet or even a cell phone.

Parents and caregivers are required to complete the enrollment forms on our website. All forms are available in both English and Spanish.

## Meet Our Featured Parent

Heidi

My name is Heidi Solano and I am a 32-year-old mom of two wonderful children! Both boys are enrolled in BIS Kids. I am also part of my kid's school PTA.

I graduated from Dana Hills High School in 2008. I became a young mom working as a part-time server, but would love to continue with my studies as a medical assistant. I value my children's opinions and wish to offer them a better future.

Hiking, running and dancing are enjoyed in my free time. My kids are healthy and active as they join me in my hobbies.

My passion is to help others.

"BIS Kids has been a blessing for all of us, mostly for my kids. I love absolutely everything about BIS Kids!"

**BIS Kids gives a special SHOUTOUT and sincere THANK YOU to Heidi for volunteering to be our first Parent Liason!**

# What's Next For Our BIG Kids Students...

## April - Courage!

Get ready to roar like a lion, as students learn to fearlessly talk about their feelings and learn healthy coping skills.

## May - Integrity!

Put on your superhero cape as students learn what it means to do the right thing when no one is watching and to stand up for what they believe in.

## June - Willingness!

Ready, set, ACTION! Students will be learning how to set goals and what actions to take towards making their dreams come true.

# Happy Mother's Day Happy Father's Day!

BIS Kids would like to give a special **SHOUT-OUT** to all the wonderful parents of our students, in celebration of **Mother's Day** (May 8th) and **Father's Day** (June 19th). We thank you from the bottom of our hearts for loving and supporting BIS Kids.

Thank you for all that you do!

## Father's Day Fun Facts:

- The official flower of Father's Day is a rose.
- Father's Day was invented by American Mrs. Sonora Smart Dodd to honor her father, a veteran single parent, who raised six children. The first Father's Day was celebrated on June 19, 1910.

# What I Love about Bis Kids

Bis Kids has been a blessing for all of us not just for my kids. I love absolutely everything about Bis Kids. My kids have learned to open up more about their feelings. I have also notice a positive change on them, specially because they were stressed out because of the whole pandemic. We are so happy to be part of this beautiful family. Thank you to all the teachers that are a part of this awesome group. Thank you for all your support.
